ECONATURAL

Introducing Eco Natural into your Food Service, Kitchen Hygiene & Washroom!

- Café
- Restaurant
- Outdoor Adventure
- B&B
- Hotels
- Theme Parks
- Forest Parks
- Public Amenities

Eco Natural reduces your carbon footprint.

Now you can have an exceptional environmentally friendly paper in your premises!

Eco Natural can offer you a range of table napkins suitable for use in food service, hygiene paper suitable for your kitchen and a full suite of washroom solutions.

THE FIRST PAPER FROM FOOD GRADE BEVERAGE CARTONS

EcoNatural paper products are made by recycling cellulose fibres found in food grade beverage cartons.

HERE THE PAPER IS NATURAL AND THE COLOUR IS TOO!

Why choose Eco Natural: The benefits

- ✓ Eco Natural Paper reduces your carbon footprint
- ✓ Eco Natural Paper is made from high quality fibres found in drink cartons, just like the ones you have in the fridge at home... Milk, Fruit Juice, Soup!
- ✓ 100% recycled, no added bleaching, colourings or dyes and no compromise on quality. The fibres retain the natural colour of the wood.
- ✓ Efficient recycling of paper saves energy, reduces water consumption and carbon emissions.
- ✓ Give a second life to a carton and avoid landfill or incineration!
- ✓ The carton plastic caps, polyethylene and aluminium liners are also reprocessed and made into useful products.
- ✓ No additional trees were required in the making of this product!
- ✓ Eco Natural Paper reduces our carbon footprint
