

TASKI® Tapi Extract

Carpet extraction cleaner

Description

Carpet and upholstery cleaner used with the spray extraction method.

Key properties

- Special combination of wetting and emulsifying active ingredients
- pH neutral, endorsed by the Woolsafe Institute
- Efficiently deactivates house dust mite allergens
- Unique, patented Odour Neutralizing Technology (O.N.T.)

Benefits

- Excellent cleaning performances
- Safe to use on any carpet types including wool.
- Neutralises malodour molecules and therefore enhances the perfume effect
- Tested by independent laboratories for allergens reduction

Use instructions

Spray cleaning:

1. Vacuum carpet and remove spots.
2. Dose the product into a spray device filled with water, spray the solution onto the carpet treating maximum 40-50m² at a time.
3. Allow the product to act for 5-10 minutes.
4. Do not allow to dry.
5. Spray extract the carpet with clean water using an appropriate machine.
6. Use TASKI Tapi Defoam (defoamer) if necessary.
7. Lift the carpet piles with a carpet brush while still damp to accelerate drying.

Spot/stain rinse method:

1. Vacuum carpet.
2. Pre wet the area surrounding the spot/stain with fresh water.
3. Apply the product onto the water soluble spot/stain.
4. Allow the product to act for 5-10 minutes.
5. Rinse with fresh water and immediately wet vacuum.

Direct cleaning:

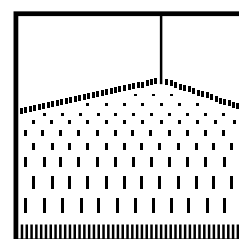

1. Rinse with fresh water and immediately wet vacuum.
2. Dose product into water tank of the machine and spray extract the carpet.
3. Lift the carpet piles with a carpet brush while still damp.

Dosage:

TASKI Tapi Extract needs to be diluted.

Pre-Spray method: 500 ml – 1 L for 10 L solutions (5-10%).

Direct method: 200 ml / 10 L solutions (2%). Proper dosage and temperature save costs and minimize environmental impacts.

Odour: Apple fragrance

pH value (neat): 7.7

pH value (in use): 7

Relative density (20°C): 1.032 g/cm³

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com.

Store in original closed containers away from extremes of temperature.

Only for professional users / specialists.

Product compatibility

Test colour fastness and material compatibility in an inconspicuous place before use. Do not refurbish until the carpet is completely dry.

Protect the furniture feet with plastic or aluminium foil to prevent rust or varnish/finish damage. The spot/stain rinse method is only

suitable for carpets which have been installed with water resistant carpet adhesive on a water resistant under floor.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EC Directives 73/404/EEC and 73/405/EEC and their subsequent amendments.

Approvals

TASKI Tapi Extract has been tested according to WS 1001 and meets the requirements for WoolSafe accreditation. The product shows a reductive effect on the allergen (mite and cat) levels of soiled carpets- Established by the BMA Laboratory for Biological Medical Analysis, Bochum, Germany.

Available pack sizes

TASKI Tapi Extract is available in 2x5L.
