

Washroom floor cleaner

 Dilution ratio
1 sachet per 5 litre bucket

Soluclean Washroom Cleaner has a non- Chlorine formulation and disinfectant properties. It is suitable for use on all washroom surfaces including Porcelain, Ceramic, UPVC and the Washroom Floor Cleaner helps to remove soiling from heavy foot traffic. The product is odour neutralising and leaves behind a long-lasting fragrance of Violet and Jasmine, as well as a bright, smear free finish.

Instructions

-  1. Add water to the fill line.
-  2. Place the sachet in the bucket.
-  3. Agitate / swirl the water until the sachet is completely dissolved.
-  4. Ready to use.

Powder only

Once diluted

NOT CLASSIFIED UNDER CLP

But the sachets outer film keep you safe

Best practice

We don't like harming people or the environment so our products are not hazardous when they are diluted. The powder in the sachet is hazardous however we have wrapped it up safely in water soluble film so you don't come into contact with it.

Please make sure you:

Store the sachets in a dry area and keep them inside the packet until you need them.

Only handle the sachets with dry hands. If any sachets are damaged please do not handle them without wearing PPE and always avoid the powder making contact with your eyes or skin.

Read and follow the safety data sheet provided.

Always follow the colour coding.

Once diluted the solution is not classified as with any hazard.
