

TASKI Tapi Spotex 2

Spot & Stain Remover for carpets

Description

Water based spot remover for the removal of most common stains from any type of carpet or upholstery. Particularly effective to remove water based stains such as fruit juice, coffee, tea, ketchup, wine or blood.

Key properties

- Unique formula for the removal of all common spot and stains
- Effective blend of surfactants
- Convenient ready to use trigger spray
- Endorsed by the Woolsafe Institute
- Incorporates new ONT – Odour Neutralising Technology

Benefits

- No need for complicated stain removal kits - a very simple solution for most type of stains
- Particularly effective on water based stains and spots
- Easy to handle and use for both emergencies and pre treatment
- Safe to use on all carpets including wool
- The ONT technology destroys malodour molecules and therefore enhances the fresh apple fragrance

Use instructions

Dosage:

The product is ready to use.

Application:

Dry vacuum clean the spot/stain. Removal any solid particles by gently scraping the carpet surface with a plastic scraper. Remove any liquid by blotting with a clean, white absorbent cloth or paper towel. Spray product directly to the soiled area. Leave to act 30 seconds and blot the treated area with a clean cloth/sponge from the outside to the centre of the spot to prevent spreading. Blot (do not rub) with an absorbent cloth or tissue. Repeat if necessary. For best results, rinse with clean water to prevent from re-soiling. Allow the treated area to dry.

Important:

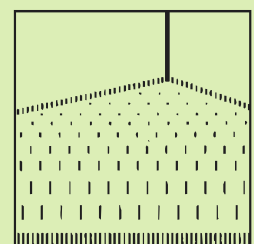

Always test colour fastness and material compatibility in an inconspicuous place before use.

Technical data

- | | |
|----------------------------|--------------------------|
| • Appearance: | clear, colourless liquid |
| • Relative density (20°C): | 1.00 |
| • pH value neat: | 6.8 - 7.3 |

The above data is typical of normal production and should not be taken as a specification.
