

# Swarfega® Powerwash Super

## Heavy Duty Concentrated Traffic Film Remover

### PRODUCT DESCRIPTION

Heavy duty concentrated traffic film remover and degreaser for removing heavy soiling from all commercial and plant vehicles.

### WHERE TO USE

Ideal for plant, commercial vehicle and chassis cleaning. Use to remove oil and grease film, mud and quarry waste.

### INSTRUCTIONS FOR USE

**Gantry wash or spray arch:** add to detergent feed system as supplied. Dependent on the degree of cleaning required, adjust detergent flow to 0.5 - 1.0%. Allow the equipment to run through its cleaning programme.

**Fixed box-jet or portable pressure washer:** add to detergent feed system as supplied. Dependent upon the degree of cleaning required, adjust detergent flow to 0.5 - 1.0% at lance tip.

- Pre-wet vehicle thoroughly using clean water, ensure vehicle surface is cool before cleaning commences.
- If using a high pressure lance, hold 50cm/18 inches from vehicle surface; if using a foaming lance, stand at least 2m/6ft away from surface.
- For best results clean one section at a time, working from the bottom upwards.
- Do not allow product to dry on to exterior bodywork.
- Rinse thoroughly with clean water, working from the top downwards.
- May affect certain non-factory paint finishes; if unsure, test on a small hidden area first.

FEATURES	BENEFITS
Ready to Use	Suitable for heavy duty cleaning without pre-dilution for maximum performance and convenience.
Concentrated	Can be pre-diluted to make up to 200 litres of ready-to-use traffic film remover for general cleaning.
Equipment Compatible	With all hot and cold vehicle cleaning equipment.
Free Rinsing	To give fast, effective rinse off, giving a non-smear, streak-free finish.
High Performance	Formulated for use on all types of plant and commercial vehicles, as well as on engines, chassis and components.
Prevents Scaling	Contains water softeners to help prevent scaling and help prolong equipment life.
Silicate Free	Prevents etching of glass or damage to original paint finishes when used correctly.
